

CPSC 8430 DEEP LEARNING HOMEWORK 2

KEERTHI PATAM

- Due to GitHub storage limits, I have uploaded the trained model checkpoints (kpatam_seq2seq_best.pth and kpatam_seq2seq_last.pth) into a single folder on Google Drive (Models_hw2). I request TA to download the files from the link.

Trained model link:

<https://drive.google.com/drive/folders/1SA7ongbIXrrlhqcjL3U3u803QT0Uk3sB?usp=sharing>

I hope TA would consider this.
